

## Application Form

### Phase 2: IBD ⇔ NATRUE

Please complete and submit this form to start the application process for applying to the Mutual recognition of natural and organic cosmetic standards

IBD has aligned its criteria to that of the NATRUE Label for those products intended to be exported. As soon as operators have adjusted their line to these criteria, the NATRUE Label will automatically be awarded to IBD certified natural and organic cosmetic products without undergoing additional certification costs

NATRUE certification will enable IBD certified products to make an organic claim under the NATRUE Label at an international level.

Only a seal fee for use of the NATRUE label will be charged. Please find detailed information at the following link <http://www.natrue.org/certification/costs/>
